A stackable storage box with a fitted lid — the end of the mystery-parts-drawer. Sized for desk drawers, shelves, craft supplies, cables, and small hardware.

****Print details****

Designed for support-free FDM printing. Slicer-validated (OrcaSlicer, 0.4 nozzle, 0.2 layer, PLA) — community printing in progress: be one of the first to print it and share your make!

Two parts: box (140 × 100 × 60 mm) and lid (149 × 109 × 14 mm). Print the lid exactly as oriented, lip-side up; the lid's raised rim helps boxes stack without sliding and doubles as a shallow tray

Box: ~112.8 g PLA · ~13 h 20 min · Lid: ~51.4 g · ~5 h 53 min on a Bambu A1 (0.2 mm, 20% infill)

PLA or PETG; both parts print flat as oriented, no brim needed on a clean bed

Watertight/manifold mesh — slices clean in OrcaSlicer, Bambu Studio, PrusaSlicer, Cura

Listing images are renders of the actual model geometry, not photos of a print — your Makes will be the first real photos

****Original design**** — modelled from code, all rights reserved. More free DeskForge models: the Desk Cable Clip, the Modern Ribbed Planter Pot with Saucer, and the Square Dice Tray are all free on my profile — every one of them support-free.

****License:**** CC BY-NC 4.0 — free for personal use: print as many as you like for yourself and as gifts. No selling of prints, and no redistribution or sharing of the files.
