A one-piece ghost pen caddy with three pockets at different heights, sculpted fabric folds and recessed eyes and mouth. Tall pens go on the left, tools in the centre and small accessories in the low pocket.

Dimensions and storage layout can also be adjusted on the model page:

Overall width with preserved proportions, individual pocket floor heights, centre subdivisions, divider height and inward wall thickening can be adjusted.

The files here are the complete fixed default-size version. Custom exports follow the pricing shown on the model page.

DEFAULT SIZE AND ASSEMBLY

220.62 x 116.95 x 120 mm overall. Left/centre/right openings are approximately 54 x 64, 76 x 64 and 50 x 58 mm. Usable depths at the low rim are 112.5, 88.5 and 65.5 mm.

One printed body; no inserts or hardware. Place the bottom toward the build plate and inspect the draped hem and facial recesses for supports. The openings follow the sculpted shape.

Dimensions are in millimetres. Each STEP is an alternative CAD format for the matching STL, not an extra piece to print.

PRINT STATUS AND COLORS

Geometry, dimensions and part completeness were checked in CAD. This model has not been sliced or physically test-printed. Review orientation, supports and tolerances in your slicer. No tested print profile, print time or G-code is supplied.

The cover is a render of the actual model, not a photograph. STL and STEP contain uncolored geometry; illustrated colors require painting or slicer coloring. No AMS/MMU-ready multicolor 3MF is included. Food-contact performance has not been validated; use wrapped sweets if storing treats.
