Summary

Crescent Moon Phone Valet with Bat and Storage Pockets. Complete default-size STL + STEP files.

[Seasonal designs](#) > [Autumn & Halloween](#)

Tags: [halloween](#) [organizer](#) [desk](#) [bat](#) [moon](#) [tray](#)
[phoneholder](#) [boxesmodel](#)

A one-piece crescent-moon desk valet with a sculpted bat, angled phone support and two front pockets for keys or small accessories.

Dimensions and storage layout can also be adjusted on the model page:

<https://boxesmodel.com/models/halloween-crescent-phone-valet>

Overall dimensions, phone thickness including its case, front compartment count and wall thickness can be adjusted.

The files here are the complete fixed default-size version. Custom exports follow the pricing shown on the model page.

DEFAULT SIZE AND ASSEMBLY

220 x 130 x 175 mm overall. Default phone-with-case thickness setting: 12 mm, producing a 13 mm slot measured normal to the support. Fixed tilt: 10 degrees; support width: 101.2 mm; front centre depth: 35.6 mm.

One body; no extra base or hardware. Check your phone width, case, buttons and camera bump before printing. Inspect the crescent and bat wings for supports; stability has not been physically tested.

Dimensions are in millimetres. Each STEP is an alternative CAD format for the matching STL, not an extra piece to print.

PRINT STATUS AND COLORS

Geometry, dimensions and part completeness were checked in CAD. This model has not been sliced or physically test-printed. Review orientation, supports and tolerances in your slicer. No tested print profile, print time or G-code is supplied.

The cover is a render of the actual model, not a photograph. STL and STEP contain uncolored geometry; illustrated colors require painting or slicer coloring. No AMS/MMU-ready multicolor 3MF is included. Food-contact performance has not been validated; use wrapped sweets if storing treats.
