Meet Ember, a little fox with pointed ears, a bushy tail and a textured, plush-inspired coat. Part of Cuddle Crew – Plush Animal Friends by Flavora Studio.

Includes matching-scale STL and 3MF geometry files, each 45 mm tall. The 3MF contains geometry, not a printer-specific slicing profile or pre-painted multicolor setup. Check the mesh and sliced layers, then choose orientation and supports for your printer and material. Print settings have not been validated.

AI-assisted creation with TripoAI. Gray previews show the supplied mesh; color concept images are design visualizations, not photographs of printed models. Colors and fine details may differ from the downloadable geometry.
