## Summary

Accent piece for the long muzzle

[Toys & Games](#) > [Outdoor Toys](#)

I've seen a few hand cannons in Destiny 2 that have that lil accent above the barrel, I've always liked it, since I rarely build a blaster exactly as released, lol thought this was a nice lil touch to add a break in color, only other hardware needed is two #4 x 3/8 self tapping screws or M3 x 10 mm flat head screws (torx are pictured and what I keep on hand) the torx screws pictured

If you're sourcing the plunger tube from Moose, might as well grab a few of these screws
