Summary

Knurled finger sockets 5mm through 24mm.

Tags: [metric](#) [sockets](#) [knurled](#)

I had Claude AI design these.

5mm through 24mm no skips!

Useful for spinning fasteners in tight spaces where you can barely fit your hand or a power tool and have no option but to spin the socket with your fingertips. Often you can fit a ratchet but the back drag exceeds the friction on the threads and the fastener just rotates a few degrees back and forth.
