A little deer with a cozy Christmas feel!

With its big eyes, tiny antlers, and knitted texture, this little deer makes a sweet addition to your holiday decorations. The raised cable-knit pattern gives it the look of a winter sweater, even though it’s 3D printed.

Place it on a shelf, beside your Christmas tree, or on your desk for a bit of festive cheer. Print it in classic Christmas red, snowy white, or whatever colour feels right for your home. It would also make a lovely little gift for someone who enjoys cute Christmas decorations.

I’d love to see your version—share a photo of your make! ❤
