A little Christmas tree with a cosy knitted look

This 3D printed tree has a raised cable-knit pattern inspired by warm winter sweaters. Its three layered sections give it a classic Christmas tree shape, while the braided details add texture all the way from the base to the tip.

It’s a lovely little decoration for a shelf, windowsill or Christmas table. Keep it white for a snowy winter look, choose a traditional green, or try a colour that suits your home.

A simple way to bring a little extra cosiness to your Christmas decorations.
