A minimalist LED tealight holder with flowing spiral ribs that create soft shadows across its rounded shape. A simple decorative accent for shelves, bedside tables and cozy living spaces.

Print it in warm white, beige, light gray or sage green to complement your home.

• Dimensions: approximately 84.4 × 84.4 × 28 mm
• Candle opening: Ø 42 mm, 25 mm deep
• Flat base and single-piece design
• Designed for LED tealights only — do not use real candles or open flames

Suggested starting settings: PLA, 0.16–0.20 mm layer height, 3 walls and 12–15% infill. Print flat-side down and check overhangs in your slicer.

Measure your LED tealight before printing. Product images are illustrative renders; candle fit depends on its dimensions.
