Cozy Tray & LED Tealight Holder – Home Decor Set

Bring a warm, minimalist touch to your home with this matching round tray and ribbed LED tealight holder. The clean shapes and detailed fluted surfaces make a stylish display for a shelf, bedside table or entryway.

Use the tray to arrange a reed diffuser, small ornaments or everyday accessories, and add a battery-powered LED tealight for a cozy finishing touch.

Models & dimensions

- Round tray: Ø200 × 24 mm

- Ribbed LED tealight holder: Ø80 × 25 mm
- Two separate pieces for individual printing and color choices

Suggested print settings

- Material: PLA or matte PLA
- Layer height: 0.16–0.20 mm
- Walls: 3
- Infill: 10–15%
- Orientation: flat base on the build plate
- Start with supports disabled and check the sliced preview before printing
- Single-color printing; no AMS required

Matte filament highlights the ribbed details beautifully. Print both pieces in the same color for a coordinated look, or combine contrasting shades.

Please note
Use battery-powered LED tealights only — never use real candles or an open flame. Check your LED tealight dimensions against the model's inner opening before printing.

The diffuser, LED candle and decorative ornaments shown in the images are styling accessories and are not included as printable models.
