Dinosaur Cave

Every dinosaur needs a cozy place to hide! This chunky rock cave has a big arched entrance, a rugged boulder roof and a closed back wall – the perfect hideout, den or shelter for your little dinosaurs and animal figures.

Made for the dinosaur set

The opening is sized for the cute dinosaurs from the same collection – a Triceratops, Brontosaurus or Parasaurolophus can walk right in, and the Pterodactyl can perch on the top.

Single-colour print – shown in grey for a real stone look, but any colour works: brown, sand or even glow-in-the-dark!

Play ideas

A dino home or hiding spot for hide-and-seek games.
Combine it with the volcano to build a whole prehistoric world.
Use it in small-world play trays, sensory bins or as a terrarium or shelf decoration.

Perfect for dinosaur fans, Montessori and small-world play, storytelling and gifts – collect it together with the T-Rex, the Brontosaurus, the Ankylosaurus, the Triceratops, the Pterodactyl and the volcano!
