EN: Just a simple replacement part for the Deluxe Class Optimus Prime from Transformers Animated. I printed the part lying flat on its side so that it didn't end up with weak layer lines. Because of that, I needed to print it with 0.08 layer height and then sand it a bit so that it was a bit smoother(even if it didn't end up all that smooth)

PT-BR: Só uma peça de substituição para o Optimus Prime Deluxe Class do Transformers animated. Imprimi a peça deitada de lado para que as linhas de camada não tornassem a peça frágil. Por causa disso, precisei imprimir com 0.08mm de altura da camada e depois lixar um pouco para ficar melhor de aparência(por mais que não ficou exatamente liso)
