Summary

Chonky adapters made with GunplaMark's SCAD file to centre a tiny 250g No Name AliExpress TPU spool.

Bought a cheap 250g roll of 95A TPU from AliExpress, only to discover it came on a teeny tiny spool.

Used GunplaMark's SCAD file to generate these chonky adapters to keep the little spool centred in Filament Storage 2026.

No idea who actually makes the filament, but the spool says Guangzhou YOUSU 3D Technology, if that's any help! ♂
