Meet the **Cozy Bear**! A chubby little bear wrapped in a knit scarf, hugging a warm mug. A sweet desk buddy for winter and the holidays, and a good friend for my Cozy Ghost.

Print notes:

- Tested on Bambu Lab P2S, 0.4 mm nozzle, PLA
- 0.12 mm layers, 3 walls, 10% lightning infill
- Organic tree supports (30°) under the arms and mug, already set in the 3MF
- The base is flattened, so it stands steady. About 42 x 44 x 48 mm
- The photos show my single-color white print. It is also fun to paint.

Files: a ready-to-print 3MF for Bambu Studio and a plain STL.

How it was made: the base shape was generated with AI, then cleaned up and prepared by hand for printing. All photos are real prints from my P2S.
