updated 2. 11. 2026 | published 2. 11. 2026

Summary

I made this because I needed to attach it to my arcade cabinet; I added a spider-style cooler mount on top.

Gadgets > Video Games

Made in PLA with 20% infill and a 0.2 layer height.
List of materials
Add an M3 brass insert to secure the cooler.

M3 10mm screw for securing the fan

M3 30mm screw for securing the spider mount and the Orange Pi PC

M3 10mm wood screw for securing the mount to the arcade cabinet

Cooler (powered via 5V GPIO pin)

Model: LD3007MS

DC5V 0.20A
