A **sleepy kitten** curled up in a Santa hat, napping right through the holidays. A cute Christmas desk buddy or shelf decoration.

Print notes:

- Tested on Bambu Lab P2S, 0.4 mm nozzle, PLA
- 0.12 mm layers, 3 walls, 10% lightning infill
- Organic tree supports (30°), already set in the 3MF
- The gap under the paw is filled, so it sits flat on the bed. About 74 x 68 x 50 mm
- The photos show my single-color white print. Paint the hat red for the full Santa look.

Files: a ready-to-print 3MF for Bambu Studio and a plain STL.

How it was made: the base shape was generated with AI, then cleaned up and prepared by hand for printing. All photos are real prints from my P2S.
