My models are free but if you'd like to buy me a coffee https://buymeacoffee.com/davidlachlanmoore that would be greatly appreciated. Thanks.

Note that the corner locating pins are NOT printed. They are hidden with negative space. They're just an artefact of building the layers and locating them accurately.

Suggested colour order can be seen in the GCODE viewer/preview.

I used:

Layer 1 (background) - Black

Layer 2 - Orange

Layer 3 - White
