Tags: toy lizard animal fidget articulated flexi printinplace gecko

Articulated lizard with moving body segments, tail and legs. It prints in one piece - no assembly, just break the joints loose after printing and it wiggles.

Great as a desk toy, fidget or small gift for kids.

Print settings:

- Material: PLA
- Layer height: 0.2 mm
- Infill: 15 %
- Supports: none
- Print flat on the bed as included in the 3MF

Tip: after printing, gently bend every joint a few times so it moves freely.
