Update to my previous iPhone Duo minimal docking station:

More space for keys to drop and airpods to hang out.

Slightly adjusted pencil placement and tray arrangement

More secure, larger sunglasses tray, and optimized phone placement with lateral security.

Added cutouts for rubber feet to be added. https://a.co/d/0fGvLzBZ

Docking Compartments for Slim SECRID/Ridge/etc. or other slim wallet, and a multi tool or edc flashlight sized item.

Bottom is also thicker so it has a nice staying weight.

Prints nice with a top layer painted different color if using XL/MMU/INDX
