Toilet Sign – 3D Printed Bathroom Door Sign

Make your bathroom easier to identify with this clean, minimalist **Toilet Sign**. Featuring simple male and female symbols separated by a vertical line, this modern design is ideal for identifying restroom doors in homes, offices, shops, restaurants, cafés, and other public spaces.

The rounded-square shape gives the sign a neat, contemporary appearance that blends easily with different interior styles. Its contrasting symbols are designed to be easy to recognize, making it a practical and decorative addition to your space.

Features

- **Clear restroom symbols:** Male and female icons for easy identification.
- **Minimalist design:** Simple graphics with a clean, modern appearance.
- **Rounded-square shape:** Smooth corners for a stylish finish.
- **Multicolor printing:** Use contrasting colors to make the symbols stand out.
- **Versatile application:** Suitable for home bathrooms, offices, restaurants, cafés, shops, and public facilities.
- **Customizable colors:** Match the sign to your interior design or business branding.
- **3D-printable design:** Create your own restroom sign using an FDM 3D printer.

Model Dimensions

- **Width:** 150 mm
- **Height:** 150 mm
- **Thickness:** 5 mm
- **Printing technology:** FDM 3D printing
- **Recommended material:** PLA for indoor use
- **Recommended nozzle:** 0.4 mm
- **Recommended layer height:** 0.20 mm
- **Supports:** Not expected to be necessary when printed flat, depending on slicer settings.
- **Recommended orientation:** Place the flat back of the sign directly on the build plate.

Color Ideas

- **Black & White:** A classic, high-contrast restroom sign.
- **Dark Gray & Silver:** A sleek, contemporary appearance.
- **Black & Gold:** A premium look for hotels, restaurants, and upscale interiors.
- **White & Blue:** A clean, professional style.
- **Custom Brand Colors:** Match the sign to your business identity or interior theme.

Printing Tips

- Make sure the build plate is clean to achieve good first-layer adhesion.
- Print the sign flat on the build plate for a smooth finish.
- Check the sliced preview before printing to confirm the symbol details and color assignments.
- For multicolor printing, assign contrasting filament colors to the background, border, and symbols as needed.
- Use a smaller layer height if you want finer details and a smoother surface finish.
- If mounting the sign on a door or wall, choose an appropriate adhesive or mounting method for the surface.

Actual print results may vary depending on your printer, filament, and slicer settings.

Perfect For

- Home bathroom and toilet doors
- Office restroom identification
- Restaurants, cafés, and shops
- Hotels and guesthouses
- Schools and commercial buildings
- Public restroom signage
- Interior decoration projects
- DIY 3D printing and signage projects
- Custom business and facility signs
