Earring Leaves Pendant – Botanical 3D Printable Jewelry Collection

Bring the beauty of nature into your jewelry collection with this **Earring Leaves Pendant** design! Inspired by elegant leaf shapes and botanical patterns, this collection features several unique leaf styles that can be transformed into beautiful, lightweight earrings and handmade jewelry.

From delicate elongated leaves to detailed botanical silhouettes, each design offers a natural and stylish appearance. These pendants are perfect for creating personalized accessories, nature-inspired jewelry, or handmade gifts for friends and family.

Whether you prefer minimalist fashion, boho accessories, or colorful statement earrings, this 3D-printable collection gives you the freedom to experiment with different colors, materials, and combinations.

Features

- **Nature-Inspired Designs:** Multiple leaf shapes inspired by botanical forms.
- **Lightweight Jewelry:** Designed with slim profiles for lightweight decorative accessories.
- **Multiple Styles:** Choose from different leaf patterns to suit your personal style.
- **Customizable Colors:** Match your earrings to your outfits using a wide variety of filament colors.
- **DIY Jewelry Making:** Great for creating personalized earrings, pendants, and craft accessories.
- **Creative 3D Printing Project:** An enjoyable project for makers and handmade jewelry enthusiasts.

Model Dimensions

Based on the slicer screenshot, the selected leaf model has the following dimensions:

- **Width:** 29.46 mm
- **Length:** 50.00 mm
- **Thickness:** 2.00 mm

The plate contains multiple leaf designs in different shapes and sizes. Dimensions may vary between individual pieces.

You can adjust the scale in your slicer to create smaller or larger pendants according to your jewelry design.

3D Printing Recommendations

- **Printer:** Compatible FDM 3D printer
- **Filament:** PLA or PLA+
- **Nozzle:** 0.4 mm
- **Layer Height:** 0.20 mm
- **Supports:** Generally not required for flat pendant designs; check the sliced preview before printing.
- **Infill:** Use your preferred setting for thin decorative pieces.

For the best results, use a clean build plate and check the sliced preview before printing. A smaller layer height, such as 0.12 mm, may help improve the definition of fine leaf details.

Make sure the small openings and narrow decorative sections are printed cleanly. After printing, carefully remove any loose filament strands and inspect the pendant holes before attaching jewelry findings.

Actual print results may vary depending on your printer, filament, and slicer settings.

Jewelry assembly tip: Add suitable jump rings, earring hooks, or other jewelry findings through the designed openings to complete your earrings. Check the fit and smooth any rough edges before wearing.

Color Ideas

- **Matte White:** A clean, elegant botanical look.
- **Sage Green:** A natural, fresh, leaf-inspired aesthetic.
- **Gold or Silk Gold:** A luxurious jewelry appearance.
- **Rose Gold:** A soft, fashionable finish.
- **Black:** A bold, modern minimalist style.
- **Pearl White:** A delicate and sophisticated look.
- **Rainbow or Gradient Filament:** A colorful statement accessory.
- **Glow-in-the-Dark Filament:** A creative, eye-catching effect.

Perfect For

- DIY handmade earrings
- Botanical and nature-inspired jewelry
- Lightweight fashion accessories
- Boho-style jewelry collections
- Personalized pendants and charms
- Handmade gifts for friends and family
- Craft fairs and creative projects
- Jewelry-making enthusiasts
- 3D printing beginners and experienced makers
- Custom accessories for different outfits and occasions

Customization Ideas

- Combine two different leaf shapes to create matching or asymmetrical earrings.
- Use contrasting filament colors for a layered botanical look.
- Experiment with metallic-effect filament for an elegant finish.
- Pair the pendants with different earring hooks and jump rings.
- Scale the designs to create matching earrings, necklaces, or decorative charms.

❤ Enjoy This Design

Your support through a Boost means a lot to me and helps motivate me to create and share more new designs. Thank you so much for your support! ❤

If you enjoy this Earring Leaves Pendant collection

Your support encourages me to continue creating and sharing more creative, unique, and useful 3D-printable designs

Every Boost, like, download, and comment is greatly appreciated. Your support helps fuel new ideas and inspires me to bring more designs to life.
