## Printing Recommendations

For the best results, use a clean build plate and check the sliced preview before printing. A layer height of **0.2 mm** is a good starting point for balancing print quality and speed.

- **Material:** PLA or PLA Matte
- **Layer Height:** 0.2 mm

- **Nozzle:** 0.4 mm
- **Build Plate:** Use a clean plate with good adhesion.
- **Supports:** Usually unnecessary for this flat design; check your sliced preview.
- **Multicolor Printing:** Use different filament colors to highlight the cactus and pot details.

If you plan to use the model as a functional keychain, attach a suitable key ring through the provided loop and check that the printed loop is strong enough for everyday use.

Actual print results may vary depending on your printer, filament, and slicer settings.

Color Ideas

- **Green & Terracotta:** A classic natural cactus look.
- **Sage Green & Cream:** A soft, minimalist aesthetic.
- **Mint Green & Pastel Pink:** A cute and playful combination.
- **Dark Green & Beige:** A modern botanical style.
- **Rainbow Colors:** Create a colorful collection of miniature cactus accessories.
- **Glow-in-the-Dark Filament:** Add a fun, unique effect.
