updated 3. 11. 2026 | published 3. 11. 2026

Summary

A remix of the Micron Blobifier which should enable use with taller MG90 servo motors.

3D Printers > Voron Parts & Upgrades

Tags: purge micron blobifier

The tabs which the MG90 sits on where pushed by about 2mm to allow for taller servos to be installed without bending the rack.

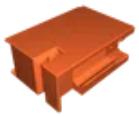

This remix is based on

Blobifier for Micron (shorter base, rack and pinion tray and 1515 extrusion mount)
