## Summary

Used to mount the LEGO McLaren F1 Race Car to a wall. Simply screw the mount into the wall, then slide the car onto it.

I made this to hang the LEGO McLaren Formula 1 (#42141) to the wall.

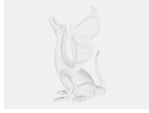

Just screw the model into the wall (I used one of the two holes, with a drywall anchor, because it was hard to get perfectly level), then slide the car onto the hooks (see picture).

Print with supports
