updated 22. 12. 2022 | published 22. 12. 2022

Summary

The original adapter of our Miele tumble dryer didnt fit to a pipe with Ø110mm. So I have designed this adapter.

[Household](#) > [Other House Equipment](#)

Tags: [pipe](#) [adapter](#) [tumbler](#) [dryer](#) [tumbledryer](#)

The adapter is printed with PETG and do not need supports.

To assemble the adapter, use 2 cylinder screws M5x25 and 2 hexagon nuts M5.
