### Summary

Based on the model made by Nikhil Pawar with longer cable channels.

[3D Printers](#) > [3D Printers - Upgrades](#)

Based on the model made by Nikhil Pawar.

I have made the cover a bit longer as my sleeve sometimes gets dragged out and the cable is sagging.

Scale the model to 1% in PrusaSlicer in order to get the correct dimensions.

Printed in PETG with 20% infill and 3 perimeters.
