Summary

A model of a start/stop button for the Vigour cistern / toilet tank
YMR26102001

[Household](#) > [Bathroom](#)

Tags: [toilet](#) [tank](#) [cistern](#) [vigour](#)

The start/stop button of my cistern /toilet tank is broken. Unfortunately, there are no more spare parts for this model, so I recreated it.

There is a little overhang, please use support (from the bed only)

If the button does not easily return to the original position, it helps to smooth the axes or the oblique surface easily with sandpaper
