Summary

Bad Bird from Samurai Pizza Cats. There's not much merch from this show so I decided to make my own.

Bad Bird from Samurai Pizza Cats. There's not much merch from this show so I decided to make my own.

This is my first complex print project from 2016. The joints are simple, and he may need to be glued in order to hold a pose.

The file is all of the parts collected. All pins are interchangeable, so assembly should be pretty straight forward.

There are six small identical pieces; combine two of them for each thigh, and attach one to each shoulder piece to make each upper arm.

There are four larger identical pieces; attach one to each hand and one to each foot to make elbows and knees.
