My wife asked me for long time to print her a Ladybug.

As I didn't found what I'm looking for, here is my version :)

The hollow body may be used as a pen holder.

Note: I printed parts with support, 100% infill ; YMMV

Instructions

Print a wings pair in red.

Choose the body, hollow or not, and print in black.

Optionally print the eyes white. But I used polystyrene pearl...

Clip all parts together.
