This is a battle between Super Hero Joel and DRU. Joel is creating a hexagon/sphere enclosure to capture DRU.

I remixed a remix of Joel and also remixed my model of the genetically engineered Alien Drug from the book The Defender to make this model.

It prints in 2 pieces to make support removal easier.

The 3mf file has all the peices since I was unsure how to edit the sty file outside of Slicer. I chopped it down and then added my own files ( in the STL with this model)
