This is a remake of a clock I found on another site.

I made it multi-colored, separated the alien head (to make it easier to print in a different color), and made separate pieces for the alien's eyes and the black dots on the clock face.

The original design is here: <https://cults3d.com/en/3d-model/home/sep-2018-ufo-project-alien3d-clock>

This is the clock mechanism: https://www.amazon.com/gp/product/B017LVILNI/ref=oh_aui_detailpage_o01_s00?ie=UTF8&psc=1
