Just for fun print this two small tables to get Printables :-D  
So from the top side it is the logo and from the right side it is  
"PRINTABLES" letters.

Additionally also two other models provided, which are connected to one  
piece.

And the \*\_2 can be printed with minimum supports in this orientation:

Printing tips : do it as you like, but supports are needed.

PS: Pacmann is also possible when the smaller table is placed correctly :-)
