Summary

A can holder/cooler for alu cans.

[Household](#) > [Kitchen](#)

Tags: [cooler](#) [sodacan](#) [sodacanholder](#)

A bit on the snug side. It clearly fits, but I needed to open the can to get it in. Maybe try printing in 105% on x & y
To fit 33 cl can simply mod z-height to 100 mm.

This one is printed in Prusament PETG Chalky blue. 230/90 degrees and no supports.
