### Summary

Allows Baratza Single Dose Hopper to use Aliexpress rubber bellows

[Household](#) > [Kitchen](#)

Tags: [single](#) [baratza](#) [hopper](#) [bellows](#)

This adapter allows the Baratza Single Dose Hopper to use a rubber grinder bellows commonly available on AliExpress (with an aluminum lid). This performs very well to blow all the grinds out of the grind chamber after grinding beans.

<https://www.baratza.com/shop/single-dose-hopper>

NOTE: The hopper should be printed upside down. I would suggest printing this in food-safe PETG if you are concerned with such things.
