This is Kateryna, nicknamed 'Ptashka' (Birdie), one of the brave defenders of #Azovstal

She joined the army last year after completing her music studies and, at the age of 21, she finds herself fighting for her life as a member of the heroic band #AZOV of Ukrainian fighters making a desperate last stand in a besieged factory.

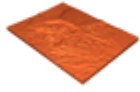

Hear and watch her sing [in the hall of the factory](#) and [down in the catacombes \(!\)](#)

Such a sense for picking a location.

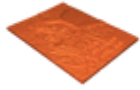

There are 2 lithophanes of her, her face in 56x75mm and the same with a text overlay 71x94mm

She is such a brave lady, my eyes wet listening her and I so wish she gets out of there alive, together with all the others.
