this lower will work with the basic FGC68 upper and parts.
but this lower will make it possible to shoot with your T15 (v1/v2) mags for
a higher round count. but this lower model is only for Roundball use!

if you like to use FS rounds. then pick the UAL version that stands for
Upper and Lower. this version will direct feed from mag to chamber, so if
you got a D shaped breach block then you can use that model for FSR

the starter set can be found here:

<https://www.printables.com/model/87803-fgc-68-base-package-starter-set-for-tipx-tcr-magfe>

the collection of FGC68 parts can be found here:

FGC68 MKII

FGC68 MKI

<https://www.printables.com/social/180009-untangleworks/collections/88907>

a video about this lower will be made later:

the ABD installation video can be found here:

<https://www.youtube.com/watch?v=5lxGVSHOZ00&t=3s>

some of the installation steps that are different from the TIPX lower can be found in the images for now

parts needed for mag catch.

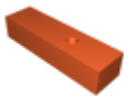

1x spring 6mm OD, 0.5mm wire, 20mm long

1x m3 bolt in a length of 30mm

1x m3 washer

1x metal pin 4mm OD, 27mm long (a 3d printed part can be used for this)
