Summary

Some GitHub logos to print and paint! :)

[Art & Design](#) > [2D Plates & Logos](#)

Tags: [coaster](#) [2d](#) [logos](#) [github](#)

Made this on a bit of a whim. There are three models included. A inverted logo plate, a raised logo plate, and a coaster. The coaster has a 1mm indent where the octocat is so you can paint it. Also just so it doesn't look like a circle.
