Version 2.0 link here

PTFE tube holder for Prusa MMU2S. You can easily screw M10 passthrough fittings and use double-sided tape to stick it wherever you want.

This is a remix of this object: <https://www.thingiverse.com/thing:3233579>

I have made a version with screws for lack enclosure: <https://www.prusaprinters.org/cs/prints/56365-prusa-mmu2s-ptfe-tube-holder-with-screws>

If you have any questions, you can ask in the comments or message me. If you like this item, you can leave feedback :)
