Summary

Simple print in place 1:1 scale Ramune bottle, complete with marble!
Separate marble with screwdriver after printing

[Household](#) > [Home Decor](#)

Tags: [printinplace](#)

Print in place Ramune bottle. Exactly the same size as a real one.

No supports needed. Any material, any layer height (I used adaptive layers)

Use screwdriver or other narrow object to break marble free and let it rattle inside. Marble won't come out of bottle mouth!

Note: Will update with images soon!
