Zombie Moon Clock 4 Color Glow in the Dark Wall Clock: Just "in time" for Halloween.

Designed at 140mm square to fit my printer bed. The first layer is the square background.

On top of that I placed a 1mm thick circle for the full moon and another 1mm layer as the crescent and some craters as highlights. Also at that layer is the hour marks since I wanted them to be a glow in the dark layer as well.. The final layer is the Zombie hand mound and a boarder is applied around the square.

I set a 8mm hole punched in the center to accommodate the clock movement.

Clock kit:

I got a 3/4 inch shaft clock movement kit from hobby store for 7 bucks (with 20% coupon). [Amazon](#) has many similar for a few dollars more. Search "3/4 Clock Movement Repair Kit".

There's a large selection, some with many hands in the kit. Choose one with a description like "suitable for 4 - 8 mm (5/ 32 - 5/16 inch) thickness clock panel."

See below for list of print pause places I used.

Thanks for checking out my design.

Print Settings

Printer Brand:

FlashForge

Printer:

Adventurer 3

Rafts:

Yes

Supports:

No

Resolution:

PLA Standard

Infill:

15%

Filament: Amolen, Flashforge PLA Multicolor - See notes below

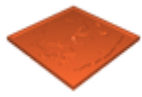

Notes:

Zombie Moon Clock - 4 Color Filament Change by Layer and Pause Position

Layer Z Position Description PLA Color Brand --- --- --- --- ---
0 0mm Start Silk Silver Amolen 22 4.12mm Moon Blue Glow
in the Dark Amolen 27 5.02mm Moon Highlight, Numbers Green
Glow in the Dark Amolen 33 6.1mm Mound Zombie Hands Black
Flashforge 38 7.0mm End
