I can't tell you how many times I have been out and about and needed to give a trophy to someone! Enter the pocket trophy card! Coming in at 2 grams of filament with the same dimensions as a standard credit card, it fits perfectly in your wallet, ready to be assembled at a moment's notice! This set includes three separate trophies, 3D printing Nozzle, Star, and 1st designs.

Since no one asked I also printed a version at 450%

Update 5-20-22

- Added a You Tried trophy per request.

Update 5-18-22

- Added blank trophy CAD files!

Update 5-17-22 Version 3 files: Added 3 new models,

- Benchy
- Upvote
- Three Stars version

Additionally, I added rounded corners and increased tolerances for the clip-on base. All feedback is welcome. I plan to release the cad files after a little more testing!

I printed these both on glass and flex PEI with success. I printed with 2 walls and 100% infill. They print up super fast!

The gold trophies were printed from the last bit of a roll of Sunlu Silk Gold

The pink filament is Inland Silk Magenta

The giant white Trophy is Polymake Polylite PLA white.
