updated 9. 9. 2023 | published 9. 9. 2023

Summary

This model fits smaller school flags put in classrooms for pledging purposes etc.

[finial](#)

This is for classroom flags that are small and put up on whiteboards. I think they look better in real gold or black. Or Rub 'n Buff? It is a remix where I added more to the base to make it look complete. I just stick some Sticki Tac under it and onto the dowel rod.
