Summary

High capacity and efficiency fly trap. Can be used with commercial refills or as full DIY version.

[Household](#) > [Outdoor & Garden](#)

Tags: [fly](#) [trap](#) [wasp](#) [redtop](#)

Full set that allows you to build a professional high efficiency/capacity fly trap (also good for wasps).

Needed materials:

- printed parts - PETG, ABS or ASA. Not recommended to print from PLA. No supports required.
- some string to hang the trap
- one zip tie
- piece of mesh material - with 1-2mm holes. Form it in a cone, cut the bottom and secure with printed ring
- plastic bag and a smelly bait -or- some ready-made sets of bag+bait

This fly trap can be used with commercially available refills:

<https://bros.pl/pl/bros-zapas-do-worka-na-muchy-xl> - Poland

<https://www.conrad.com/p/redtop-1576954-xl-refill-kit-suitable-for-redtop-fly-trap-xl-value1605773-1-pcs-1576954> - Germany

Let me know in the comments if you know any ready-made refills available in your country.
