Tags: [shower](#) [showeraccessories](#) [showerhook](#) [showerhead](#)

Infinitely adjustable shower head holder for the vertically challenged. Both pieces snap on to hose at any position and can be left on when the head is returned to its normal position.

There is a print-in-place swivel hinge built into the bottom piece to allow for tilt.

Print Settings

Printer Brand:

Creality

Printer:

Ender 3 Pro

Rafts:

No

Supports:

No

Resolution:

0.2

Infill:

20

Filament: Any PETG or ABS Any

Notes:

Print with the top (flat side) down. The clearance included in the PIP part is 0.2 on all sides, so 0.4 added to the diameter of the swivel cutout.
