Remixed to include a cable lock for those cables that like to jump around corners.

The lock bar clicks into place from either side, squeeze and pull to free the cables again.

Lock bar needs a little guidance to insert in the slot on the opposite side.

Simple and compact under desk cable organizer. USB cables fit through anywhere. For larger cable ends like HDMI and Display Port, slide them in on the sides and bring them over to the desired slot.

Screw holes are 5mm tapered to 8.5, with a hole through to the opposite side for screwdriver use.

## Print Settings

### Printer Brand:

Creality

### Printer:

Ender 3 Pro

### Rafts:

No

### Supports:

No

### Resolution:

0.2

### Infill:
