### Armattan Tadpole parts

#### Part 1 - 25.5 x 25.5 stack top

- Designed to fit HDZero - whoop board
- With mounting space for Happymodel ELRS - PP / EP2
- Material - ABS
- V1 is the same as V2 other than enabling the HDZero board to fitter at 90 degrees rotation.

#### Part 2 - HDZero Lollipop 3 mount (rear)

- Mount for antenna
- Material used - TPA

Also included is a dipole antenna version, the lollipop antennas are quite fragile, hard to find and expensive so the cheap dipole version is a good alternative option.
