Designed to help align my frog leg suspension caster on my wheelchair.

Print Settings

Printer Brand:

Prusa

Printer:

I3 MK3S

Rafts:

Yes

Supports:

Yes

Resolution:

.15

Infill:

20-75

Filament: Hatchbox PETG/PLA White

Notes:

Printed vertically, bullet facing up. I added supports to the overhang between the screw and bullet just because a brim wasn't enough to hold it in place. Painted on blockers on the threading and only had to remove a few spots of support material in the thread.

Category: Other
