My kids call this the Snuffleupagus. You can use 1.5 inch PVC pipe of 0.110 or thinner wall (CL-200 is best, and Schedule-40 won't work for 40+ balls), or 2.0 inch Vacuum line (Home Depot sells it).

Or even roll up a very large sheet of paper and insert into the end. Use a rubber-band or hair-elastic on the bottom. You can then use it to pick up balls on the floor.
