Update 2 July 2019: Check out my vase/spiral printed cans <https://www.thingiverse.com/thing:3726621>

A snap on lid for a soda can.

Soda can lids are standardized. This lid works on 7.5 oz., 12 oz., and larger cans in the US. Not sure if other countries/brands have other sizes.

You can remove the top from a can with a standard can opener.

This lid fits snugly. If you want a looser fit just use a razor to trim off some of the bottom rim (which grabs the edge of the can.)
