Summary

Something useful around the house

[Hobby & Makers](#) > [Automotive](#)

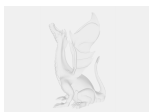

Tags: [funnel](#)

Just your basic funnel. I made it to fit something specific in the garage. It is 77mm at the top and 15mm at the bottom.

I printed this in PLA+ with 4 walls and print it with the wide mouth down for best adhesion.

I look forward to creating more for the printing community. Enjoy!
